PRESIDENT WILL USE EVERY INFLUENCE TO GET THE PENDING ANTI-TRUST BILLS THROUGH THE SENATE AT THIS SESSIONS

Believes Organized Distribution of Circular Letters Regarding Administration's Legislative Program Is Responsible for "Psychological Depression"

WHITE HOUSE MAKES PUBLIC SEVERAL LETTERS

WASHINGTON, June 15 .- President Wilson came out today with a flat declaration that despite what he charcterized as a deliberate campaign by certain interests for an adjournment of congress and postponement of the administration's trust legislation program, he would use every influence at his command to get the pending bills through the senate at this session.

Choosing his words very carefully. the president disclosed his belief that organized distribution of circular letters and telegrams among business men, members of congress and other public officials calling for an adournment of congressj, a halt in the trust bills, an increase in freight rates for the railroads and a "rest for business" was responsible for what he recently described as a "psy chological depression." In support of that view, the White house made public copies of such letters and telegrams which have been brought in by friends of the administration. One of the letters which fell into the hands of White house officials in that way was circulated by the Simmons Hardware company of St. Louis, under date of June 9.

Senators and grey locks. representatives discussed the incident with avidity, but no action was taken. One of the letters made public purported to have been sent out by the Pictorial Review company of New York and was signed by W. P. Ahnelt, president, under date of May 1. It accompanied a prepared letter protesting aginst trust legislation, praying for a freight rate increase and suggesting an adjournment of congress, with the further suggestion that the recipient mail copies to the president, members of congress, the interstate commerce commission and other offcials in Wash-

The Simmons letter declared that the three things which stood in the way of prosperity were the Mexican situation, the awaited advance in freight rates and continued hostile legislation in congress.

"Mrs. Atwood is demanding from him the \$12,000 she alleges she lent him. She admits that she required no security for the loans which were made a few hundred dollars at a time she says, covering a period from July 1908 up to April, 1910.

"I thought he was single and I trusted him," said Mrs. Atwood. "He told me when I was in Jacksonville that he would help me buy a home. I met him at the Methodist church at Jacksonville and had con-

Mrs. Atwood lived in Springfield at Third and Lawrence avenue during the years 1909, 1910 and 1911. She was engaged in the dressmaking business. It was in 1910 she discovered, so she says, that Erixon was a married man. She at once demanded a settlement of her account with They were not compelled to display him and he, so she says, gave her notes for \$10,000 payable in six months from April (28, 1910.

"In May 1912 Mrs. Atwood went to St. Louis to settle an account with a dry goods firm there. She had expected Erixon to advance the necessary funds but instead he doubled back to Springfield, so she says, went her home and took out of a tin box all the notes he had given her and all their love letters.

'She did not discover her loss until several days later. At once suspecting him, she called him by telephone and charged him with the theft. Mrs. Atwood declares that Erixon simply sneered and said 'Now

I've got you.' "Mrs. Atwood says she is engaged in dressmaking and designing in Chicago."

Mr. Erixon has entered a denial to all the allegations made and will fight the case to the limit. He is the clever little Jacksonville boy represented by W. T. Wilson.

A PLEASANT SURPRISE.

Since the return of Mrs. George H. Sanford from the south she has been the guest of Mrs. James I. Barrows, a next door neighbor, and knowing Mrs. Sanford was to leave Thursday for the west, Mrs. Barrows planned for her a very happy surprise. It was utterly impossible to make the affair at all general as Mrs. Sanford has a somewhat large circle of friends so just the immediate neighbors were invited to supper and to say good bye. Mrs. Sanford was taken absolutely by surprise but was none the less delighted with the act of thoughtful kindness shown her by one with whom she has had harmonious neigborly relation for nearly thirty years. Cordial meetings were tendered by all the guests and a delicious supper was enjoyed by every one. QUESTION OF PROVISIONAL PRESIDENT BIG PROBLEM

NIAGARA FALLS, Ont., June 15. The mediators today replied to the latest note of Carranza, in which the latter says he desires to send three delegates here to discuss the international troubles between Mexico and the United States, by telling him that to do so he must comply with their orignal terms.

General Carranza was advised that the mediators would not admit his representatives to the conference here unless an armistice were declared and internal as well as international phases of the Mexican problem accepted as the scope of mediation.

This action followed the receipt of a note from Refael Zubaran, special representative of Carranza in Wash ington, announcing the appointment of Fernando Iglesias Calderon, Luis Cabera and Jose Vasconcelos as constitutionalist delegates to the mediation at which according to the view of the constitutionalist chief, "It is sought to settle the international con flict which has arisen between the United States and the Mexican re-

BAILEY DAWSON DEAD AT THE KING HOME IN CHICAGO

In Old Time Resident of Jacksonville and Cremated Remains Will Figure for Fifty Years.

Information has been received here of the death in Chicago of Bailey Dawson, who has been a familiar figure in Illinois political affairs for half a century. He was 84 years old and for more than a year past had been a resident of the James C. King home for old men located at 360 East Garfield boulevard, Chicago. It has been possible for him to be a resident of this home through the generosity of E. E. Mitchell, formerly state treasurer, who made provision to that effect.

For many years Mr. Dawson was a resident of this city and after studying law he was admitted to the He did not, however, engage in active practice to any extent and devoted his attention largely to politics. He had attended practically all state and national conventions for the last fifty years. He had a great faculty of remembering names and faces and wax frequently of value to politicians in making their campaigns. He was a familiar figure, too, at the hotels where political quarters were maintained, and there he often acted for politicians in extending courtesies to their friends or in making introductions. He was a well informed man, a great reader, of good presence and numbered his friends by the hundreds in all parts of the country. later years Mr. Dawson visited Jacksonville infrequently and at such times was a guest at the home of his niece. The three links of Odd Fellowship and the true meaning of fraternity were the theme Sunday morning of the Rev. Walter E. Spoonts in the annual memorial address to the Odd Fellow Organizations of Jacksonville. The service was held at 10:45 in Northminster church and was attended by over 250 Odd Fellows and 100 Rebekahs, filling the lower floor of the church to capacity. The organizations taking part were Ridgley Encampment No. 9, Temple Encampment No. 19, Illini Lodge No. 4 and Urania Lodge No. 243, I. O. O. Jacksonville Rebekah Degree Lodge No. 13 and Caritas Rebekah Degree Lodge No. 625. Rev. Mr. Spoonts had prepared the address with care and it was without doubt one of the strongest recently deliver-

ed to a fraternal order. One feature of the service was the excellent musical program, which included the numbers before announced. The Odd Fellows who have passed away during the past year are Chas. A. Barnes, James M. Downs, Fred Franz, A. Angelo, John M. Harney, T. P. Metcalf. Phillip Lee, George Hocking, Charles Melville, C. D.

Jackson, Sr., Volley Johnson, A. J. Hayden, B. F. Sibert John W. Stimp-son, Samuel Frances, J. P. Warner. and Byron Oxford.

Benefits of Odd Fellowship. The Independent Order of Odd Fellows maintains fifty or more orphanages and homes for the aged members in the United States alone, pointed out Rev. Mr. Spoonts in dwelling upon the benefits of and benevolences of the fraternity. "Our order cultivates in its members a profound concern for the unfortunate brother, for the widow in her bereavement and distress and the orphan in his helplessness and peril". Since 1830 the order has expended

millions of dollars. 'Man is a social being," said Rev. Mr. Spoonts in beginning his 'And Jonathan said to David, Go in peace, forasmuch as we have sworn both of us in the name of the Lord, saying, The Lord be beseed and thy seed forever. And ha arose and Jonathan went into the personnel of our government.

Friends Forever. tween themselves and their offment of permenance, friendship would be sadly defective. Of our Master it is written, "Having loved His own which were in the world, He loved them to the end." The minister continued with illustrations from the golden badge of Odd Fellowship containing the three links emblematic of friendship, love and truth. Friendship, he said, is a virtue which can be but imperfectly defined; it is a virtue which must be felt. A true friend shows his friendship by sympathy. He puts the best construction on the conduct of others, not hesitating at the same time to point out faults.

A friend in need is the one who is friend indeed. On this ground Odd Fellowship commends itself very strongly to the unbiased mind. Dur order cultivates in its members profound concern for the unforunate brother, for the widow in her pereavement and distress and for the orphan in his helplessness and peril. You will find the parable of the Good Samaritan engraven upon the heart and mind of every true memper of your order. You will find to some extent at least there dwells therin the spirit of the Master. So long as it cultivates this spirit of riendship in its membership, no one will question its right to live. It is poast of a million members in America alone

The Emblem of Love. "The second link in the badge is emblematic of love. Fraternity is inked to friendship. Friendship and fraternity are links of gold. Henry greatest thing in the world and this sentative in Congress, subject to the definition of love helped make decision of the Democratic voters of Drummond famous. This definition s correct as far as it goes, but it is defective in that it does not go far enough. Love is not only the greatest thing in the world, it is the he universe. The apostle Paul sum-

marized the matter well when he wrote the Corinthians: 'Love suf-SERMONTO ODD FELLOWS fereth long and is kind; love envifereth long and is kind; love envinot provoked, taketh no account of evil, rejoiceth not in unrighteousness but rejoiceth with the truth, beareth all things, hopeth all things, endureth all things.'

"The third link in the badge is emblematic of truth, truth taken in Rev. Walter E. Spoonts in the sense of reality, integrity. I cannot refrain from interpreting the in Northminster Church.—From Word 'truth' in the sense of 'fidelity.'

aright in any storm-tossed sea. Links are Interlocked. "The three links of Odd Fellowship, however, would be without practical value, without a concrete at tachment, without being translated into the experiences of practical life My conception of the links of Odd Fellowship is that they are interlocked. Friendship, love and truth are introactive and retroactive. Kindness, charity and character are not separate or seperable entities; they are a trinity which is complete in unity, which would be incomplete with the loss of these virtues; the links are interlocking.

"The true Odd Fellow should have these links locked in his heart. Separated from real heart love, the three links are as sounding brass and a tinkling cymbal. This same chain should be locked to the benevolences. of the order. It should be locked to other fraternal orders which cultivate a similar spirit. The churches of Christendom are cultivating and encouraging the spirit of interdenominational feeling. It is the hopeful sign of the times. I believe that it augurs will for the successful solution of the grave problems which are challenging both the church and the state. As I step over the threshold of this lodge, I would raise my voice for the federation of fraternal orders. I hope that I will see the day when Odd Fellowship will say to Masonry, 'We are brothers,' and vice versa; and thus all along the line of fraternal orders. What a wonderful impetus these orders would give to the moral uplift of a community. If questions which are purely moral should receive the endorsement of these orders in an unobtrusive but none the less effective way, many a crying evil could thus be speedily eliminated from the com-

The Link of Loyalty.

"Let the chain be locked with the for brotherly relief over eightly-five link of loyalty to the government Bismarck once gave expression to a sentiment something like this: am not afraid to wear any chain if remarks to the Odd Fellows. "In the other end of it is linked to the the human breast there resides the throne of Prussia.' Loyalty to the instinct of fraternity. Springfield, June 15 .- Springfield paid its final tribute to Commissioner George E. Coe this afternoon. The remains of the deceased councilman were laid to rest at Oak Ridge cemetery after scores of city employes, members of the Masonic order and of the Rotary club had escorted the funeral cortege through the business district, while hundreds of people lined the streets and viewed the passing.

Following brief services at residence, 527 South Seventh street, the body was removed to First Congregational church, escorted by city officials, municipal employes and members of the family.

The church at Fifth and Cook streets was thronged at 4 o'clock when the services began. Rev. W. Johnson, pastor, was in charge. with Rev. R. O. Post of Jacksonville and personal friend of the deceased, assisting. Rev. Post formerly was pastor of the Congregational church

pallbearers were Pascal Hatch, E. D. Henry, John Astra, Dr. . A. Frazee, H. L. Smith, Edward Kinney, Jr., Frank P. Norbury and John E. George.

During the services a quartet composed of Prof. J. B. Barnaby, R. Albert Guest, H. M. Snape and L. L. Flinn rendered "Crossing the arB."

Firemen and Police March. The funeral procession was headed by platoons of police and firemen. Every available member of the two departments turned out in uniform Chief of Police John Underwood acted as marshal. Following the police and firemen a hundred municipal employes marched. The city commissioners marched with the men from the city hall to the Coe residence and thence to the church. From the church to the cemetery

they proceeded by carriage. Mayor Davis and Commissioners Louis Engel, Charles R. Knollenberg, William Newman and City Attorney P. P. Thompson, all of Jacksonville attended the funeral. Commissioner F. Brennan was unable to come o Springfield today.

Many beautiful floral design were placed on the deceased council man's bier, including offerings from ployes, fire department, police department, Rotary club and other organizations of which the deceased

was a member. The line of march from the church was: North on Fifth street to Adams, west on Adams to Fourth, north on Fourth to North Grand avenue, west to Monument avenue and then

Bennett-Crain.

Mr. and Mrs. J. B. Gause have received cards announcing the marriage of Miss Sarah Irene Crain to place Saturday evening, June 6th, at Los Angeles, California. The At Home cards read, "After July 15, 1819 George Street, Los Angeles, Pastor of Chicago Baptist Church Calf." Both parties are former residents of Jacksonville. The bride is the daughter of Mrs. Lydia A. Crain of Los Angeles and was known among the members of the Eastern Star and Rebekah lodges here. Mr. Bennett's father, John Bennett, was employed at one time in Neil Ducktt's clothing store.

The bride wore a gown of cream colored crepe de chene, trimmed with baby Irish lace and carried a bouquet of bride's roses. After leaving the church, the wedding party went to the St. Nicholas hotel, where an elaborate wedding supper of five courses was served.

Mr. Huth is a traveling salesman and Miss Sanders has been employed as a waitress at the Kraft hotel. She has been making her home with her sister, Miss Hallie Sanders at 757 Cassell Place. After a short wedding trip they will make their home in St. Louis.

Smith-Cassell.
The wedding of Mr. Richard E. Smith and Miss Blanche Cassell was solemnized Monday at high noon at the home of the bride's parents, Mr. and Mrs. A. 'H. Cassell, 1048 North Favette street, Rev. F. A. McCanty officiating. The ceremony was witnessed by only the immediate famies of the young cople.

Following the marriage a wedding dinner was served. The young people left over the Wabash for Springfield and after a week's trip they will make Jacksonville their home. The bride is a young lady of many friends and known for her lovable disposition. The groom who formerly resided in the Concord neighborhood is a young man of industry and integrity. He is employed in the earber shop of Butler and Cully.

The Cassell home was approriatedecorated for the occasion and the young people received a numere of appreciative presents. Reo Motor Car Company

LANSING, MICH., June 9th, 1914

J. W. SKINNER, Reo Sales Agent,

After consulting with many REO dealers, we wish to announce that our policy is to let well enough alone. There will be no change in the REO model, or the REO price this season.

In the past five years, during which our engineers have confined themselves to this model, the car has been brought to perfection. We have made changes as needed. Again and again important improvements have been added in mid-season.

Some of the Reasons Are These

No changes can be made in the way of improvements now. We reduced the price last year by \$220. In this way we anticipated all the economies of

The demand for REO the Fifth-which continues to break all records-shows that buyers are satisfied. In this car today they are getting the best value that will ever be offered we think. We are not going to stand still. We shall keep on, as always, bettering this car as fast as we

We want you to join with us in keeping up the present enthusiasm for REO the Fifth. Tell every prospect that the car won't be changed. It is as good as we can make it. Perhaps our rivals will offer some changes as usual. They may in this way try to stir up new interest. But they cannot offer more real value than we do. They can make no changes which

will make their cars more formidable competitors. Reo the Fifth will hold the same advantage as it has today—the same appeal as a super-car. And every month's production which goes out to users places us in stronger position.

We shall continue our advertising in full force during the summer and fall. A little later we will announce a larger production—three new factory buildings. These we figure, will add forty per cent to our output. In an advertising way we shall stand right with you in keeping cars moving at the present rate against any competition, new model or old.

Base all your plans on these facts. Keep pushing the same as ever. Let it be known that this model is standard. That it represents, both in body and chassis, the best that we know about car building. And the price is the lowest that ever was offered on a car built like this.

Let buyers know that we are giving them our best in this car. That we haven't in mind anything newer or better or lower in price. WE ARE, AS WE ADVERTISE, BUILDING A CAR TO KEEP. Let men know that we shall not discredit it by any new announcement

> Very sincerely yours, REO MOTOR CAR COMPANY

SOCIALIST LEADER SUPPORTS CHARGES WITH STRONG EVI-DENCE.

I. der by the speaker. Two or three days later he published the first instalment of his charges in Vorwaerts, the central organ of the Socialist party. It had to do with the late General von Lindenau, one of the most distinguished military men in the empire. Von Lindenau was for a long time chief of the Great General Staff; he was appointed govern-or of Metz shortly before his death, and it is declared that he might have become Prussian war minister had he lived. He enjoyed the especial confidence and esteem of the Empor-

Liebknecht published extracts from official documents showing that he general left debts exceeding \$250,000 and practically no assets. He also published a copy of a letter from the general to a certain physician, acknowledging the reciept of a large sum of money, "to be repaid of professor within one year." In a further article, Liebknecht declared flatly that von Lindenau had for years dealt in orders and titles.

The non-Socialist press found impossible to deny the probative force of Liebknecht's documents, but declared that the case was "a soli-tary, sad instance." Thereupon Liebknecht published a facsimile of a letter from a certain Dr. Ludwig to an unnamed physician, dealing with the obtaining of the title of profeswritten more than 2 years ago, Ludwig declared that the matter was difficult and expensive, the cost being "higher for foreigners than for Germans, higher for Jews than for Gentiles." The following conditions, he said, must be observed:

(1) You must, in order to observe the proprieties, submit a printed treatise. This need not be exhaustive, it is only a matter of form. For example, you published an article in a scientific magazine and then have copies printed of it as a monograph, or you can have printed an article written especially for this purpose. This is only a matter of form, so that it can be said that you have published some scientific article.

'(2) In a certain quarter you will pay \$10,000, and \$375 as commis-

Liebknecht followed this article up with two other letters of Ludwig's, one dealing with the obtaining of the title of professor, the other that of court dentist. The former, Ludwig wrote, involves meeting "high financial demands." The later would cost from \$2,00 to \$2,500.

The disclosures, painful enough in themselves to the average German, are especially painful to all non-Socialists, for not only do they come from a Socialist, but Dr. Ludwig is vice president of the Imperial Association for Combating Socialism. The Socialists naturally display no very lively sorrow about that unmasking

of one of their chief enemies.

Liebknecht also charges that in 1912, persons hungering for the title of professor were taken to the royal palace and received by a trustlonger in service.

Liebknecht also publishes what he calls "the title and orders tariff." It puts the price of the Red Eagle, forth class, at \$2000 for academicians and \$3000 for others; commercichannels, \$15,000 if the matter is expedited; \$3,750 for appointments \$75,000 to \$100,000 for elevation to he says, the price is only \$62,500. Liebknecht does not support this list with any evidence, and it is probably fastastic.

Stallion "Olbert" Dies on Farm-Great Loss to Allentown Stock Farm—His Record.

"Olbert", said to be the champion Percheron stallion of the world, died on last Friday at the Allentown stock farm, owned by C. R. Augustin & Son, of Bloomington.

This stallion is said to be the most valuable animal of its breed that was ever produced and carried off all the honors at the state fair in Springfield in 1911. In this show at Springfield there were several foreign entries as well as some of the foremost American specimens, and this sire Olbert carried off the highest honors. In 1912 the colts from this horse carried fifty-seven firsts in thirteen different states and has one of the soundest records for a Percheron stallion that was ever written.

All breeders interested in choice Percheron stallions will regret such a loss. His record will be the most noted in the career of all Percheron stallions recorded, while the loss to the Allentown stock farm and to the Augustins will be very great, and they have the sympathy of all lovers of horses, who will hear of the death of Champion Olbert with deep regret.

CITY ENGINER HENDERSON PASSES ON HANNIBAL PAVING

Served With Two Other Engineers to Make Special Inspection Report.

City Engineer E. M. Henderson in conjunction with City Engineer E. L. Hancock of Quincy recently inspected some paving which was laid in Magnolia avenue in Hannibal. The material is patent paving known as "Hassan". There was so much dissatisfaction with reference to the laying of the work that the city engineer of Hannibal recommended that it be not accepted and it was subsequently ordered that engineers from two other cities join with the Hannibal engineer in making a formal report to the council after further investigation.

The report which the engineers have recently made to the council states that the curbing shows faults in longitudinal and transverse breaks. It says that further defects are apparent because only a face form was used. It is also stated that the surfacing coat should have been one inch thick whereas it was only lated by means of the deep applied a one-fourth to one-half inch. With reference to the paving itself the engineers declared that the sub grade was not properly made and that the heavy stone was, in some instancs, forced into the mud by the use of the roller. This criticism applies only to part of the pavement and it is recommended that this be torn up and replaced.

The three candidates for the defender of the America's cup against the Shamrock IV, will sail their final trial races during the middle of August. Meanwhile they are sailing their preliminary trials over the Sandy Hook course. The Defiance is shown at bottom being made ready for a trial spin. The top picture shows one of the trial races between the Vanitie (right) and the Resolute.

ities. And if let alone or greased with salves they become chronic, simply because the cause is still at work within. It should be attacked with S. S. S. and the impurities in the blood thus rendered harmless.

The skin is but a net work of fine blood vessels. And it is a perfectly natural consequence that any influence in the blood that is a condition of ill health makes its first appearance in the skin, There are certain medicinal properties that follow the course of the blood stream and the influence of these properties is that of an autidote. This is why S. S., the best-known blood purifier, has such a positive action in the skin. There is one ingredient in S. S. S. which peculiarly stimulates cellular or glandular activity to select from the blood or from this fine net work of blood vessels in the skin, those elements which it requires for regeneration.

in the skin, those elements which it requires for regeneration.

Thus pimples, acne, eczema, lupus, or any other blood condition that attacks the skin or seeks an outlet through the skin is met with the antidotal effect of S. S. S.

This is why skin troubles vanish so readily and why they do not return.

Under the influence of S. S. S. this fine net work of blood vessels in the skin is constantly taking from the blood the nutrition required for healthy tissue and the cause of disease is just as constantly being removed, scattered and rendered harmless. These facts are more fully explained in a book on skin troubles sent by The Swift Specific Co., 531 Swift Bidg., Atlanta, Ga. You will find F. S. S. on sale at all drug stores. The department of agriculture is trying to eliminate the danger to cattle from poisonous plants on national forest ranges. Of these plants, larkspur, loco weed, death camas and water hemlock are the most poisonous. Larkspur does the most harm because it is so widely distributed and is particularly bad for cattle. Ordinarily horses will not eat larkspur, and sheep can eat it without apparent injury.

The 39th annual convention of the American Poultry association will be held at Chicago, August 8 to 15 inclusive. Hotel Sherman, just opposite the city hall, will be the headquarters. Entertainment will consist of trips through Chicago's beautiful parks and boulevards, ball games, moving pictures of poultry with lectures, trips to stock yards, moonlight lake trips and many other pleasures are in store for the many visitors.

Rape is especially valuable as a late soiling and forage crop, although many sow it early and utilize it for forage during the whole of the season. The best results have been obtained by sowing the Dwarf Essex variety and sowing it during June and July. As a food for sheep it is unexcelled as it tides the sheep over the dry season during the late summer and provides an abundance of late forage during the fall. Many have grown rape as a food for cattle and swine, but our experience has been largely confined to utilizing it for hurdling sheep.

That eggs can be marketed successfully by parcel post and that this method frequently secures a better price for the producer and a fresher article for the consumer has now been demonstrated to the satisfaction of the experts in the United States department of agriculture.

The department conducted tests that covered a period of five months. At the end of that period it came to the conclusion that the parcel post was of particular value to the man whose flock was too small or who lives too far from express service to permit him to ship his eggs in the regular commercial case which holds 30 dozen eggs.

In the course of these experiments the department shipped 9,131 eggs in 466 lots. Of these 327, or slightly less than 3.6 per cent, were broken, but only 209, or slightly less than .3 per cent, were absolutely wasted. The others, though broken, will be greatly reduced, it is said, when the employes of the postoffice become more accustomed to handling such fragile material.

If by some act of Providence Ping Bodie could be transferred to the Kansas City Blues' lot his reputation as a fence buster would become a reality instead of a war scribe's joke. A day seldom passes when a game is scheduled in that old quarry lot that some player does not clout the ball over the right field fence. One day last week a Columbus player pickled four of them over in a double-header, and Sunday the same player sent another across. Anybody who ever attended a game in this lot can easily understand how the trick is turned. Back of this field rises one of Kansas City's numerous hills and in planting the field the enginers were forced to buid the right in an angle of nearly 25 feetjust Ping Bodie's size.

At the Chifed grounds Sunday the Baltimore players and the Tinkeries indulged in a dirty row during the first game. THING FOR ITCHING ECZEMA

Use Like Cold Cream to Subdue Irritation and Clear Skin.

In the treatment of the various forms of disfiguring, itching and burning Eczema such as Acne, Ringworm, Salt Rheum, there is nothing moniker in the Pirate line-up, and known that can take the place of

It effects such prompt relief, even in the aggravated Eczema, that it is a never-ending source of amazement to physicians.

For years bold-sulphur has occupied a secure position in the treatment of cutaneous eruptions by reason of its cooling, parasite-destroying properties. Bold-sluphur is not only parasiticidal, but antipruritle and antiseptic, therefore invaluable in overcoming irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet in every instance it instantly stops the agonizing itching; subdues the irritation and heals the inflamed, raw skin right up and it is often years later before any Eczema eruption again appears.

Those troubled should obtain from any good pharmacist an ounce of bold-sulphur cream and apply it directly upon the abrasion like an ordinary cold cream. It isn't unpleasant and the prompt relief afforded is very welcome .- adv.

STATE RETAIL MERCHANTS CONVENTION OPENS TODAY

Opening Session to Be Held in I. O. O. F. Temple, West State Street-Auto Parade This Afternoon-Concert to Be Evening Feature.

Indications point to a large attendance at the sessions of the 25th annual convention of the Retail Merchants' Association, which will open in Jacksonville this morning at 10 o'clock. A number of secretaries arrived yesterday and a session was held last night. The retailers' department of the Jacksonville Chamber of Commerce held a meeting at the Dunlap hotel Monday afternoon, called by T. M. Tomlinson, chair-man, and elected as delegates to the convention Herman Weber, J. W. Breckon, Fletcher Hopper, G. B. Andre and A. E. Hearn. Auto Parade This Afternoon.

One of the features of the program today will be the auto parade, which will form on West State street near the square at 3:45 o'clock, with cars headed west.
